Excalibur Automatic

INSTRUCTIONS MANUAL

CAUTION

Do not adjust the big date between 20:00 and 04:00 positions. The process now is automatic and the movement could be damaged.

NOTES

Before using the watch for the first time unscrew the crown cap and wind it, in order to get the movement going. Keep the watch away from high temperatures and strong magnetic fields as this could alter its accuracy.

FUNCTIONS

Button "A" adjusts the big date function (button can be just with a pen).

Button "B" adjusts the month function (button can be just with a pen).

Button "C" adjusts the week day function. Partially protected by the screw cap.

Crown sets the time. Is cover by a screw cap with a toric seal.

We hope you enjoy your Kristian Kiel timepiece!
